

From: The Desk of the CEO & President - Bayou Advanced Weapon Systems, LLC

Yes, Our Website(s) have changed in name and format to better fit our Louisiana-based Company and better represent our weapons platforms.

Our Company, Bayou Advanced Weapon Systems LLC purchased all rights therein, of the CBJ Precision Engineered Rifles, Inc. company "know-how", "show-how", intellectual properties, and over 12,000 customers database.

The acquisition in July 2017 included all machining, tooling and proprietary knowledge in our Cryogenic Treatment Processes. We are still the same people but far better and stronger company. Laura and I are now 100% sole owners, no investors and debt free, privately held LLC in the State of Louisiana.

CBJ Precision Engineered Rifles, Inc. was that acquired company now operating as a new company with none of CBJ Precision liabilities or responsibilities including debts, lawsuits or other past, present or future legal liability or obligations.

We now own 100% the rights to all CBJ Precision Signature-Series Weapons now built by: Bayou Advanced Weapon Systems LLC

Our primary web URLs are:

<http://www.bayouadvancedweaponsystems.com>

<http://www.bayouadvancedweaponsystems.net>

Those Domains are for Bayou Advanced Weapon Systems LLC.

CBJ Precision Engineered Rifles, Inc. operational as <http://precisionengineeredrifles.com> & <http://cbjprecisionengineeredrifles.com> are still active websites and Domains are the property of Bayou Advanced Weapon Systems LLC. Changes may occur from time to time on this older website until we eliminate the URL or change the company therein. We will no longer be maintaining CBJ Precision Websites but they will remain active until June 2021 at a minimum.

Bayou Advanced Weapon Systems LLC official website remains as:

<http://www.Area318.com> &
<http://www.bayouadvancedweaponsystems.com>

Thank you,

Laura M. James
